Primary Point: *When we are humble, grace meets us where we fall and then leads us to meet others where they have.*

Primary text: Genesis 45

- 1. While being humble can be terrifying, it always moves God's heart towards grace.***
- 2. Grace is not repulsed by the pain and loss you have caused. Grace longs to be near it.***
- 3. Grace motivates us to be near each other's pain and loss.***

Application Questions:

- 1. What was most meaningful about today's message and why?*
- 2. Reflect on times where you hesitated to be humble, but found out being humble actually added to your influence.*
- 3. When have there been times where the worst-case scenario actually becomes the best-case scenario?*
- 4. In what ways do you doubt your brothers and sisters' ability to display grace in the face of humility? Why do we do that?*
- 5. When have you longed to be near someone else's pain and loss. What were the dynamics involved?*
