

Romans 8 part 4: How Come Jesus Didn't Have Original Sin?

Pastor Ben Hunt – February 8, 2026

Primary Point: Autonomy is choosing exposure over protection.

Primary Text: Romans 8:3 & Genesis 2-3

1. ***What exactly broke when Adam sinned?***
2. ***The problem was not knowledge... it was autonomy!***
3. ***Jesus had the same knowledge but refused autonomy.***

Application questions:

1. *What was most meaningful about today's message and why?*
2. *Where might autonomy—self-rule, self-definition, self-protection—be quietly pulling you away from life rather than toward it?*
3. *How often do you punish yourself internally after God has already forgiven you—and why do you think that feels safer?*
4. *What insights into original sin have been helpful? And how?*
5. *Where might autonomy be masquerading as maturity in your life?*
6. *Based on this message, what specific decision or relationship needs movement?*
